TURN IN POACHERS: 1-800-TIP-MONT

Protecting Our Hunting Heritage

Hunters must be ethical to ensure good landowner relations and future program success. Help preserve Montana's hunting heritage by abiding by these rules and behaviors:

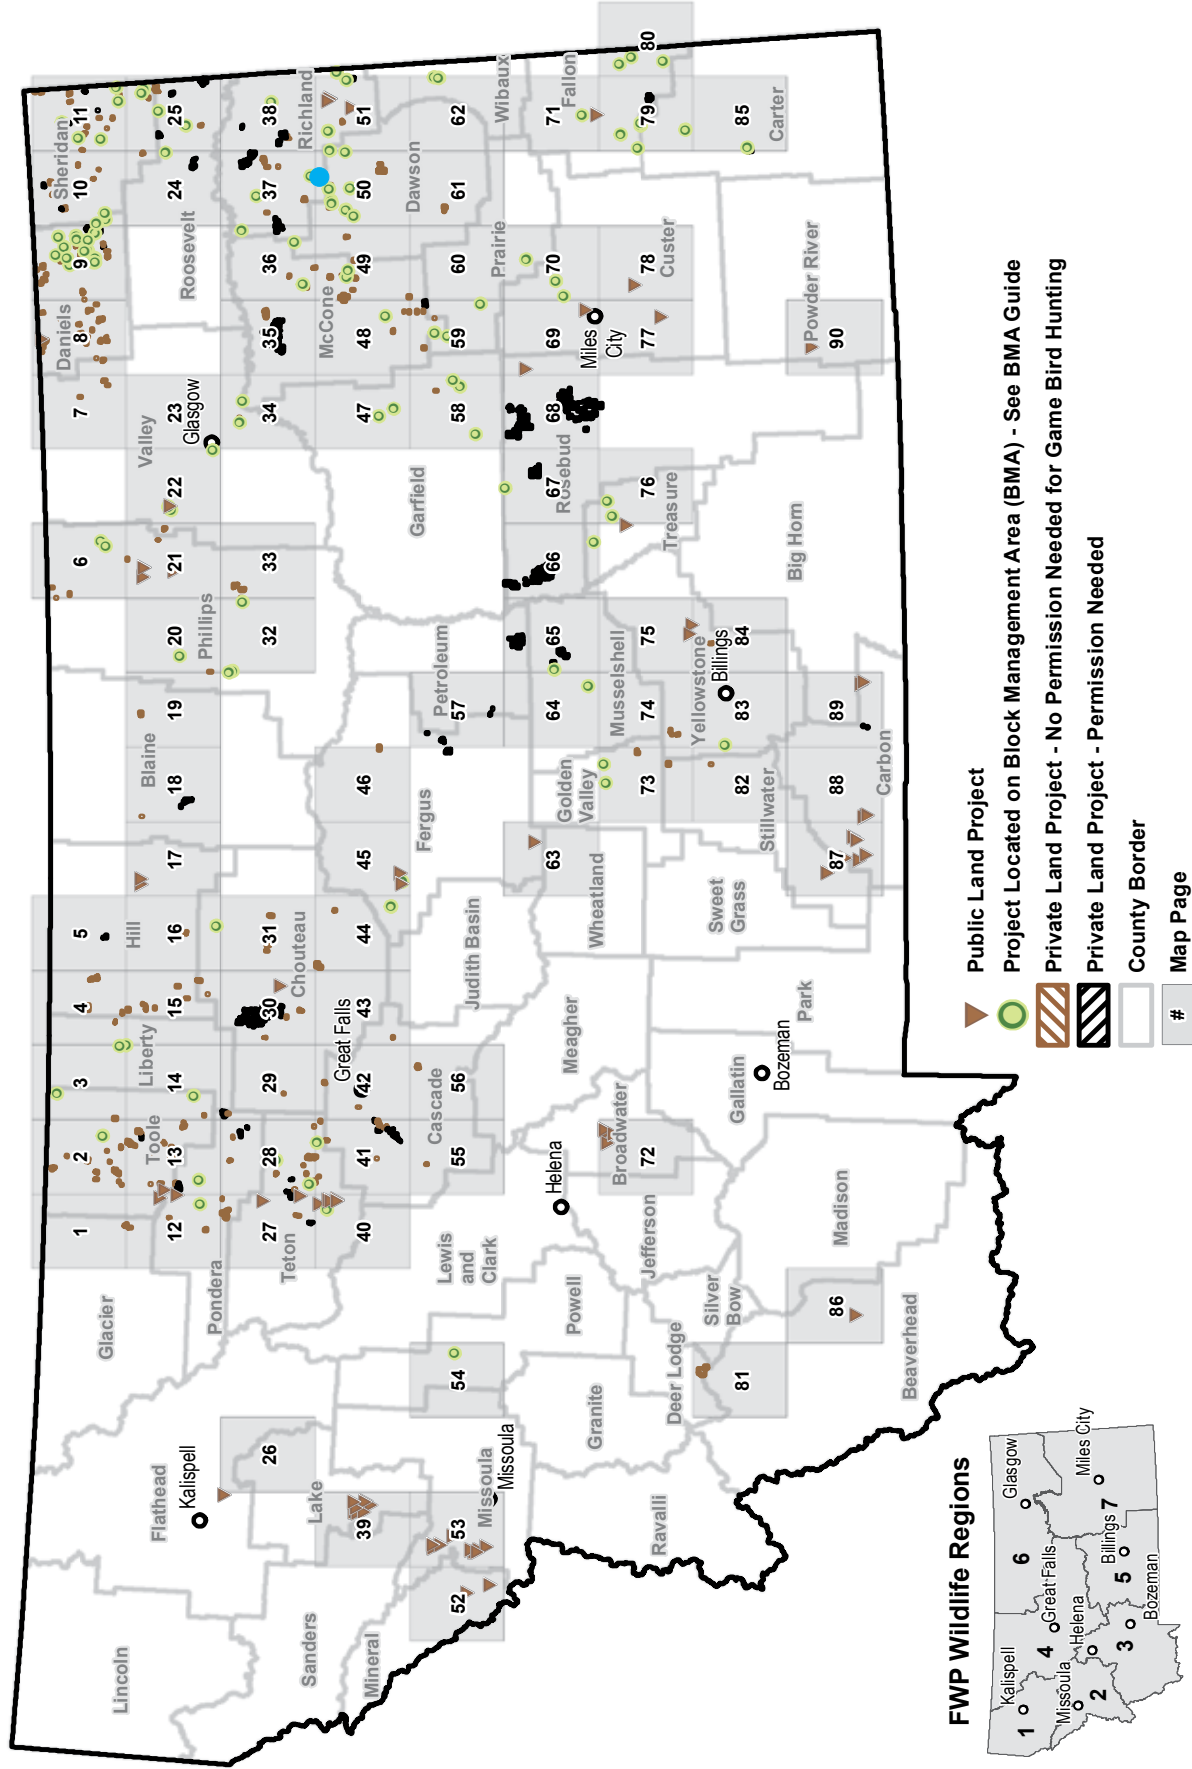

- Treat the lands as if they were your own and act responsibly.
- Obey the safety zone concept even if not signed. Leave a buffer when hunting near, and never shoot towards buildings, homes, and livestock.
- Do not leave cleaned game remains near parking areas, roadways, or roadside ditches.
- No driving off road. All projects are walk-in only from established roads, signed access trails, or parking areas unless further permission is received from the landowner.
- Hunting season is harvest season, park only in areas that do not block gates or roads from passing farm equipment.
- No hunting or parking in unharvested grain fields.
- No littering. Please pick up your spent shot shells.
- Leave gates as they are found.
- Be aware of fire danger. Avoid parking in tall grasses, especially early in the season.
- Remember to thank landowners for enhancing habitat and providing hunting access!

Farmers and Ranchers

On behalf of Montana Fish, Wildlife & Parks, and all Montana hunters we'd like to say "Thanks!" Thanks for providing habitat for Montana's public wildlife resources, and thanks for opening your gates to resident and nonresident hunters.

2021 Upland Game Bird Enhancement Program Map Index

Welcome Upland Game Bird Hunters!

Welcome to the Montana Fish, Wildlife & Parks (FWP) Upland Game Bird Enhancement Program (UGBEP). The purpose of this program is to enhance upland game bird populations on lands open to free public hunting. FWP partners with private landowners and public land managers, groups, and organizations to improve habitat on private and public lands. With over 454 active contracts, Montana landowners and conservation organizations are conserving and enhancing close to 330,000 acres of upland game bird habitat while providing nearly 700,000 acres for public upland game bird hunting.

FIRE NOTICE

Due to current dry conditions and high fire danger throughout Montana, hunters may encounter UGBEP project closures or restrictions. Some cooperators may be reluctant to make access commitments until weather conditions improve.

Hunters should contact regional FWP staff and/or landowners prior to making final hunting trip plans, to identify any possible land closures, season restrictions, or other actions which might affect their hunting activities. An up to date list of FIRE CLOSURES can be found at fwp.mt.gov/UGBEP

How to Use this Guide

Obtaining landowners' permission to hunt upland game birds is required prior to hunting or entering any private land project area. Exception: Some projects allow walk-in game bird hunting only with no further permission needed.

UGBEP Project Maps found in this publication are intended only as a guide. It is every hunter's responsibility to know the land ownership of the area he or she intends to hunt and any land use restrictions that may apply there. Non-FWP information layers used to create the maps are from other agencies and may not be current, comprehensive, or accurate.

The UGBEP Projects Access Guide contains 2 key sections: (1) Regional Information Tables and (2) Maps. Together, these sections will help hunters locate project areas and the method used to obtain permission to hunt, when applicable. Every project found on the maps is labeled with a project number and is symbolized to indicate the type of permission needed prior to accessing the project area. A description of the symbols follow:

Private Lands Symbols

 Black polygon with hatch marks: Landowner permission needed. Hunters can refer to the tables for the method to contact landowner.

 Brown polygon with hatch marks: Walk-in game bird hunting, no further permission needed from the landowner.

 Green circle: Project is located on land enrolled in Block Management. Refer to tables for Block Management Area information.

Public Lands Symbols

 Brown triangle: Accessible public land, no permission is needed.

The Map Index, located on the first page, provides hunters with a statewide overview of project locations relative to Montana's counties. Grids containing UGBEP projects are labeled with the Map Page number. This number corresponds to the map page found in the Guide. Map Pages also contain greater detail about the project areas, including nearby roads, private land boundaries, projects located on public lands, or projects located on Block Management Areas. All projects are

symbolized according to the type of permission needed and labeled with a project number(s) that corresponds to a tabular description in the Regional Information Tables.

Project numbers are located in the Regional Information Tables according to FWP's Wildlife Administrative Region. To locate the project number in the tables, use the Map Index to first determine in which Region the project is located, then refer to the Regional Information Tables that contain detailed project information, including the method to obtain permission to hunt, cooperator name, project termination date, project/enhancement types, access acreage, and associated Map Page. Hunters can also refer to the tables first to select a project they are interested in, then refer to the Map Page number to locate the project on the map.

Watch for these Signs

The UGBEP has **NEW** signs for habitat projects. Be on the lookout!

Helpful Tips

The 2021 UGBEP Access Guide is current as of July 31, 2021. New habitat projects are contracted year-round. For electronic updates to this year's guide, check the FWP Hunt Planner:
<http://bit.ly/2rqa9JM>

FWP wants to ensure landowners, hunters (and their dogs) have rewarding experiences through the UGBEP. The following tips are intended to provide hunters with some additional considerations. Respect private lands. Possession of the maps found in the Guide does not constitute legal access to the private land enrolled in the UGBEP. Hunters must always obtain landowner's permission unless noted otherwise in the Guide.

Learn more about the various access opportunities Montana has to offer. Visit FWP's Interactive Hunt Planner at:
fwp.mt.gov/gis/maps/huntPlanner/

Bird Hunting in Bear Country

Game bird habitats in western Montana and along the front range can be suitable grizzly and black bear habitats as well. Be cautious when hunting in potential bear habitat: carry bear spray, look for bear sign, be aware when out in thick cover, make more noise than usual, and consider having bells or beepers on dogs. Additional information on hunting in bear country can be found here:
<http://fwp.mt.gov/fwpDoc.html?id=35117>

FWP wants to hear your thoughts on the Upland Game Bird Enhancement Program.

Please take a moment to participate in the UGBEP online survey at:
<https://fwp.mt.gov/hunt/hunter-surveys>

We look forward to hearing from you.

Upland Game Bird Enhancement Program Projects

The UGBEP provides financial assistance to cooperators interested in enhancing habitat for upland game birds. Below are descriptions of the more common types of projects.

Aspen Regeneration

To improve long-term habitat productivity for ruffed grouse, old and dying aspen stands are rejuvenated through logging practices.

Grazing Management System

A rest-rotation grazing system provides undisturbed hiding cover on approximately 1/3 of the grazing system area each year. These projects are mostly geared toward sharp-tailed grouse, sage-grouse, and gray partridge but may also benefit pheasants.

Nesting Cover

Nesting cover projects are associated with the Conservation Reserve Program, in which UGBEP cost-shares or provides other incentives to the landowners to promote the use of beneficial grass mixes.

Wildlife Friendly Practices

Incentivizing practices that make agricultural operations more beneficial to game birds include planting cover crops, rotational haying, lightly disking grass stands, and leaving tall wheat stubble using a stripper-header.

Open Fields for Game Bird Hunters

Open Fields provides additional incentives to landowners to maintain CRP on their land. CRP provides important cover for Montana's game birds and other wildlife.

Habitat Management Lease

Habitat management leases focus on smaller, high value sites including riparian areas, old farmsteads, established shelterbelts, a mix of idle cover, or other productive habitats.

Shelterbelt

Shelterbelts are shrub and tree plantings designed to provide winter cover for pheasant, sharptailed grouse, and gray partridge.

Winter Food or Cover Plot

Diverse mixes of annual grains, legumes, and flowers provide food and cover during winter weather.

Hunting Season Information		
Season Dates	Bag Limit	Additional Information
Mountain Grouse Blue, Ruffed and Franklin's Grouse may be taken with a shotgun not larger than a ten gauge; a long, recurve or compound bow and arrow; a crossbow; or a firearm. All other means of taking are prohibited.		
Sep 01 - Jan 01	Bag Limit: 3 in aggregate daily. Possession limit is four times the daily bag limit.	-
Partridge Hungarian and Chukar Partridge may be taken with a shotgun not larger than a ten gauge; a long, recurve or compound bow and arrow. All other means of taking are prohibited.		
Sep 01 - Jan 01	Bag Limit: 8 in aggregate daily. Possession limit is four times the daily bag limit.	Chukar partridge occur primarily in Carbon County.
Sep 01 - Jan 10	Bag Limit: 8 in aggregate daily. Possession limit is four times the daily bag limit.	Portion of Carbon County within the following boundary: Beginning at the junction of Route 72 and the Wyoming-Montana state line, then northerly along said route to Bridger, then northerly along Hwy. 310 to Edgar, then east on the Edgar-Pryor Road to the Crow Indian Reservation boundary, then southerly and easterly along said boundary to the west shore of Big Horn Lake, then southerly along said shore to the Wyoming-Montana state line, then west along said state line to its junction with Route 72, the point of beginning.
Ptarmigan		
Closed	Closed	Closed
Ring-necked Pheasant Pheasants may be taken with a shotgun not larger than a ten gauge; a long, recurve or compound bow and arrow. All other means of taking are prohibited.		
Sep 25 - Sep 26 Youth Only	Bag Limit: 3 cock pheasants daily. Possession limit is three times the daily bag limit.	Legally licensed youth ages 15 and under when accompanied by a nonhunting adult at least 18 years of age. Mentors for Apprentice Hunters must be at least 21 years of age.
Oct 09 - Jan 01	Bag Limit: 3 cock pheasants daily. Possession limit is three times the daily bag limit.	-
Sage Grouse Sage Grouse may be taken with a shotgun not larger than a ten gauge; a long, recurve or compound bow and arrow. All other means of taking are prohibited.		
Sep 01 - Sep 30	Bag Limit: 2 daily. Possession limit is two times the daily bag limit.	Closed West of the Continental Divide
Sharp-tailed Grouse Sharp-tailed Grouse may be taken with a shotgun not larger than a ten gauge; a long, recurve or compound bow and arrow. All other means of taking are prohibited.		
Sep 01 - Jan 01	Bag Limit: 4 daily. Possession limit is four times the daily bag limit.	Closed West of the Continental Divide
Falconry All areas open to hunting of upland game birds and/or migratory game birds by firearms shall be open to either-sex hunting of that species by falconry.		
Sep 01 - Mar 31	Bag Limit: 2 daily in aggregate and 6 in possession. Bag and possession limits are not in addition to general limits.	Falconry Hours: One-half hour before sunrise to one-half hour after sunset. Year round sunrise/sunset tables are available on the FWP website.

No shooting/trespassing into safety areas around houses or buildings.
No hunting in unharvested crops/fields or near livestock.

Monty and Bear celebrate a great day pheasant hunting in Terry, Montana.

[illegible]

2021 Sunrise-Sunset Tables For Determining Hunting Hours

These tables, including adjustments for daylight savings time, are the official sunrise-sunset tables adopted by the Montana Fish & Wildlife Commission for hunting in Montana. Authorized hunting hours for the taking of upland game birds and falconry begin one-half hour before sunrise and end one-half hour after sunset each day of the hunting season. **Do not use other sources.**
